Primary School

Teacher Appraisal Policy

Signed by:	
Head Teacher	Christina Hall
Chair of Governors	Alan Smith
Date Adopted	25.04.2018
Date of Review	24.04.2019

‘Through the Holy Redeemer we seek to grow in faith and love and become great people who make a difference in our world.’

Policy for appraising teacher performance and dealing with capability issues

Purpose

This policy sets out the framework for a clear and consistent assessment of the overall performance of teachers, including the head teacher, and for supporting their development within the context of the school’s plan for improving educational provision and performance, and the standards expected of teachers. It also sets out the arrangements that will apply when teachers fall below the levels of competence that are expected of them.

Application of the policy

The policy is in two separate sections.

Part A of the policy, which covers appraisal, applies to the head teacher and to all teachers employed by the school or local authority, except those on contracts of less than one term, those undergoing induction (*ie NQTs*) and those who are subject to Part B of the policy.

Part B of the policy, which sets out the formal capability procedure, applies only to teachers (including the head teacher) about whose performance there are serious concerns that the appraisal process has been unable to address.

Part A – Appraisal

Appraisal in this school will be a supportive and developmental process designed to ensure that all teachers have the skills and support they need to carry out their role effectively. It will help to ensure that teachers are able to continue to improve their professional practice and to develop as teachers.

The appraisal period

The appraisal period will run for twelve months from October to October.

Teachers who are employed on a fixed term contract of less than one year will have their performance managed in accordance with the principles underpinning this policy. **The length of the period will be determined by the duration of their contract, allowing for flexibility to have longer or shorter appraisal periods when teachers begin or end employment with the school.**

Appointing appraisers

The head teacher will be appraised by the Governing Body, supported by a suitably skilled and/or experienced external adviser who has been appointed by the Governing Body for that purpose.

In this school the task of appraising the head teacher, including the setting of objectives, will be delegated to a sub-group consisting of two or more members of the Governing Body.

The head teacher will decide who will appraise other teachers.

Setting objectives

The head teacher's objectives will be set by the Governing Body after consultation with the external adviser.

Objectives for each teacher will be set before, or as soon as practicable after, the start of each appraisal period. The objectives set for each teacher, will be Specific, Measurable, Achievable, Realistic and Time-bound and will be appropriate to the teacher's role and level of experience. The appraiser and teacher will seek to agree the objectives but, if that is not possible, the appraiser will determine the objectives. Objectives may be revised if circumstances change.

The objectives set for each teacher will, if achieved, contribute to the school's plans for improving the school's educational provision and performance and improving the education of pupils at that school. This will be ensured by quality assuring all objectives against the school improvement plan.

Before, or as soon as practicable after, the start of each appraisal period, each teacher will be informed of the standards against which that teacher's performance in that appraisal period will be assessed.

Reviewing performance

Observation

This school believes that observation of classroom practice and other responsibilities is important both as a way of assessing teachers' performance in order to identify any particular strengths and areas for development they may have and of gaining useful information which can inform school improvement more generally. All observation will be carried out in a supportive fashion.

In this school teachers' performance will be regularly observed but the amount and type of classroom observation will depend on the individual circumstances of the teacher and

the overall needs of the school. Classroom observation will be carried out by those with QTS. In addition to formal observation, head teachers or other leaders with responsibility for teaching standards may “drop in” in order to evaluate the standards of teaching and to check that high standards of professional performance are established and maintained. The length and frequency of “drop in” observations will vary depending on specific circumstances.

Teachers (including the head teacher) who have responsibilities outside the classroom should also expect to have their performance of those responsibilities observed and assessed.

Development and support

Appraisal is a supportive process which will be used to inform continuing professional development. The school wishes to encourage a culture in which all teachers take responsibility for improving their teaching through appropriate professional development. Professional development will be linked to school improvement priorities and to the ongoing professional development needs and priorities of individual teachers.

Feedback

Teachers will receive constructive feedback on their performance throughout the year and as soon as practicable after observation has taken place or other evidence has come to light. Feedback will highlight particular areas of strength as well as any areas that need attention. Where there are concerns about any aspects of the teacher’s performance the appraiser will meet the teacher formally to:

- give clear feedback to the teacher about the nature and seriousness of the concerns;
- give the teacher the opportunity to comment and discuss the concerns;
- agree any support (eg coaching, mentoring, structured observations), that will be provided to help address those specific concerns;
- make clear how, and by when, the appraiser will review progress
- explain the implications and process if no – or insufficient – improvement is made.

When progress is reviewed, if the appraiser is satisfied that the teacher has made, or is making, sufficient improvement, the appraisal process will continue as normal, with any remaining issues continuing to be addressed through that process.

Transition to capability

If the appraiser is not satisfied with progress, the teacher will be notified in writing that the appraisal system will no longer apply and that their performance will be managed

under the capability procedure, and will be invited to a formal capability meeting. The capability procedures will be conducted in accordance with the Diocesan Education Service model Capability Policy, which has been adopted by the school.

Annual assessment

Each teacher's performance will be formally assessed in respect of each appraisal period. In assessing the performance of the head teacher, the Governing Body must consult the external adviser.

This assessment is the end point to the annual appraisal process, but performance and development priorities will be reviewed and addressed on a regular basis throughout the year in interim meetings which will take place once a term.

The teacher will receive as soon as practicable following the end of each appraisal period – and have the opportunity to comment in writing on - a written appraisal report. In this school, teachers will receive their written appraisal reports by 31 October (31 December for the head teacher). **The appraisal report will include:**

- details of the teacher's objectives for the appraisal period in question;
- **an assessment of the teacher's performance of their role and responsibilities against their objectives and the relevant standards;**
- **an assessment of the teacher's professional development needs and identification of any action that should be taken to address them;**
- **a recommendation on pay where that is relevant.**

The assessment of performance and of professional development needs will inform the planning process for the following appraisal period.

General Principles Underlying This policy

Confidentiality

The appraisal and capability processes will be treated with confidentiality. However, the desire for confidentiality does not override the need for the head teacher and governing body to quality-assure the operation and effectiveness of the appraisal system.

Consistency of Treatment and Fairness

The governing body is committed to ensuring consistency of treatment and fairness. It will abide by all relevant equality legislation, including the duty to make reasonable adjustments for disabled teachers. The governing body is aware of the guidance on the Equality Act issued by the Department for Education.

Definitions

Unless indicated otherwise, all references to "teacher" include the head teacher.

Delegation

Normal rules apply in respect of the delegation of functions by governing bodies, head teachers and local authorities.

Monitoring and Evaluation

The governing body and head teacher will monitor the operation and effectiveness of the school's appraisal arrangements.

Retention

The governing body and head teacher will ensure that all written appraisal records are retained in a secure place for six years and then destroyed.
